

ANSTRUTHER IMPROVEMENTS ASSOCIATION
ENVIRONMENTAL POLICY

The Anstruther Improvements Association (AIA) owns and manages Dreel Halls in Anstruther Wester.

The AIA recognises that its operations may have harmful effects on both the local and wider environment and is committed to reducing them.

To achieve this, the AIA will

- minimise consumption and waste
- promote environmentally friendly sourcing
- reuse products where appropriate and encourage recycling both internally and by hall users and suppliers
- minimise pollution
- strive to enhance the environs of Dreel Halls and encourage others to understand and help improve the natural environment
- manage risks identified through the risk register
- develop Dreel Halls as a positive asset in the community.

The AIA will comply with or exceed all relevant environmental legislation and raise environmental awareness among our members, volunteers, employees, hall users, neighbours and suppliers. We will monitor our impact on the environment and set targets for ongoing improvement.
